

Developing a Flight Delay Prediction Model using Machine Learning

Team Id - PNT2022TMID27643
Team Leader - Gladys Kirubhavathy B
Member 1 - Hari Gokul G K
Member 2 - Kishore A
Member 3 - Jai R

Project Objectives:

- You'll be able to understand the problem to classify if it is a regression or a classification kind of problem.
- You will be able to know how to pre-process/clean the data using different data preprocessing techniques.
- You will be able to analyze or get insights into data through visualization.
- Applying different algorithms according to the dataset and based on visualization.
- You will be able to know how to build a web application using the Flask framework.
